HIFU PROCEDURES

HIFU (High Intense Focused Ultrasound)

Australia HIFU procedures improve the appearance of the skin for both men and women.

What is HIFU?

This procedure tightens and lifts the skin naturally by using High Intense Focused Ultrasound.

Is HIFU for You?

HIFU has many aesthetic benefits including:

- ✓ **Wrinkle reduction**
- ✓ **Tightening sagging skin on the neck**
- ✓ **Lifting the cheeks, eyebrows and eyelids**
- ✓ **Enhancing jawline definition**
- ✓ **Tightening of the décolletage**
- ✓ **Smooths and fully rejuvenates the skin**

HIFU MEN & WOMEN

Australia HIFU uses advanced technology to improve the appearance of the face and body. The HIFU System is designed for anti-aging, face lifting, body contouring and sculpting without surgery.

- ✓ Feel Smooth again
- ✓ Healthier looking you
- ✓ Clients are seeing the benefits now

HIFU FACE LIFT

The closest technology available to a true surgical face-lift. A REAL alternative to other procedures. No damage to the skin surface which means there is no down-time.

HIFU is not like lasers, radio-frequency, surgery or other technologies. It is non-surgical and is the strongest procedure on the market today. We have a 10-star rating judged by you the customer.

HIFU BODY SCULPTING

HIFU body sculpting is a cosmetic procedure for removing stubborn body fat, skin toning and tightening. HIFU Body procedures are the latest in non-invasive technology to target specific areas of fat in the quickest way possible. Say good bye to that mummy tummy Australia HIFU will leave your body feeling healthier and tighter!
